

# Living Laboratory Formative Evaluation Debrief and Reflection Form

**Evaluator initials:** \_\_\_\_\_ **Location:** \_\_\_\_\_ **Date:** \_\_\_\_\_

**Research toy or Research study observed:** \_\_\_\_\_

1. *Did the researcher or educator agree to allow you to observe his/her interaction with visitors?      Yes      No*  
Notes:
2. *Was there anything unusual happening in the Museum or the Living Lab space that could have affected visitor interactions with researchers or educators? (e.g. busy holiday weekend, special event, etc.)*
3. *What parts of the activity or discussion, if any, seemed most engaging, interesting, or relevant to adult visitors? Explain.*
4. *What part(s) of the activity or discussion, if any, could be improved? (i.e. Was the level of learning appropriate for visitors? Was anything confusing or difficult for visitors to understand? Explain.)*
5. *What do you think visitors saw as the meaning of this activity? What messages or information do you think visitors took away?*
6. *Did you choose to stop collecting data in order to address any areas of concern? If so, please explain.*
7. *Other notes:*
